## Funding Requests

### Create a Funding Request

What method would you like to use to create your Funding Request?

Step-by-step

Everything on one page

Choose one of these to start creating funding requests.

### Finished Entering Funding Requests?

If you've entered all of your data, you may go to the next step.

Certify & Submit Your Application

No Funding Requests have been created yet. Please use one of the buttons above to create a Funding Request.

If you have no additional Funding Requests to create, proceed to the "Certifications and Signature" section.

### Key Information

#### Nickname for this Funding Request

Create a nickname for this funding request to help you remember which product/services are included in this request.

Telephone

This is for your records.

#### Duplicate Funding Request? ⓘ

Yes

No ✓

Most of you will choose no; this is asking if this is a request from an earlier funding year that hasn't been approved yet.

#### Service Type ⓘ

What is the service type for the product and services that you are requesting?  
Pick only one.

##### CATEGORY 1

Telecommunications

Voice Services

Internet Access

Your choice here will determine which options are visible later on in the process. If this funding request covers local, long distance, VoIP, or cell service, choose voice.

### Establishing FCC Form 470

Did you post an FCC Form 470 for the product and/or services you are requesting?

☒ Yes, I posted an FCC Form 470 for the services.

**Enter 470 number:**

**Entity:** APPLICANT

Type in the 470 number, and click enter to validate it. You'll do the same with the SPIN number.

### Service Provider Information ⓘ

Find your SPIN with our [SPIN Search tool](#)

**SPIN (Service Provider Identification Number)**

State Replacement Contract

### Billing Account

If your service provider has given you one or more Billing Account numbers, please enter them below.

**Billing Account Number**

+ 6061234567

Add as many billing account numbers as you need for this funding request.

### Contract

**How are you purchasing these services?**

☐ Tariff

☒ Month-to-Month arrangement

☐ Contract

- Prices for tariff services are set by the FCC. Basic local service with no bells and whistles is an example of a tariff service.
- Month-to-month service is provided outside of a signed contract (probably by your current provider).
- Contracted services involve the signing of a contract before the Form 471 is filed.

### Service Dates

Allowable vendor selection/contract award date: 10/19/2012

**When will the services start?**

This date will be July 1, 2015 unless a new service will be starting later in the funding year.

**When will the services end?**

June 30, 2016 unless a service is ending before the funding year ends.

**Narrative**

A one-sentence description that tells USAC what the service is and which entities will receive it.

Provide a brief explanation of the products and services that you are requesting.

Local and long distance service for Greenup, Flatwoods and McKell branches.

### Pricing Confidentiality

Is there a statute, rule, or other restriction which prohibits publication of the pricing information?

☐ Yes ☒ No

Check no here. Purchases made by public libraries are considered public record. According to Terry, even if a contract included a clause forbidding the disclosure of pricing information, state law would override it.

Manage Recipients

Entity # Entity Name

Now that we've added the services, the next step is to tell them who is getting the service by managing recipients. If there is only one BEN associated with your form, this step will happen automatically.

Is every entity on this application receiving the product or service in this line item?

Yes No ☒

In this example, the branches are getting phone service but the bookmobile is not.

Click on an entity to switch between lists.
